“Transformed hearts will always result in lives that are focused outwardly and are actively involved in making the love of God a transforming reality in the world. This always becomes bigger than just you or what you could do on your own. Spiritual growth impacts the whole church, community, and world. This happens individually and communally. When the whole community is growing together, amazing things happen. As we all grow together, lives are transformed, Christian community is created, and we participate in God’s transformation of the world. This is all part of God’s plan of salvation, and each one of us has an important role to play.” (A Disciple’s Path: Deepening Your Relationship with Christ and the Church, by James A. Harnish, p. 29)
